

INTRODUCING RUMA PASS

**The complete dairy feed and concentrate
that cuts protein costs while maintaining
your milk production.**

If you think high milk production requires high protein, think again.

New Master Mix Ruma Pass for corn silage and haylage feeding programs lets you feed less protein without a loss in milk production. So you save on protein while your cows continue producing at their present level.

Ruma Pass contains by-pass proteins which are not easily digested in the rumen, but are readily digested in the small intestine. The net result is more usable protein with less waste.

And you pocket the savings. Isn't it time you had a protein break?
