THE PATZ SOLUTION:

Patz Model 100 Manure Pump

Patz Model 200 Compressed Air Manure Mover

Controlled Manure Management

Patz liquid manure pumps make manure handling faster and more profitable for you.

The Model 100 manure pump handles free flowing manure and slurry with fine cut bedding. Both the plunger and plunger sleeve can be serviced without concrete breakup. And a flapper valve at the end of the 12-inch PVC pipe in the storage facility prevents manure backup.

The Model 200 compressed air manure mover handles slurry, and has fewer moving parts — a manually-operated hatch cover and one-way valve at the bottom of the underground tank. An air compressor provides air pressure to agitate manure in the collection tank and then air pressure moves it to your storage facility.

Find out how simple and economical controlled manure management can be. Take a close look at Patz liquid manure handling systems today.

Buy a Badger Northland Mower/Conditioner now...

Now you can save two ways by buying a Badger Northland Mower/Conditioner. You heard right. Save all your valuable forage crop and save money too!

Badger builds the best mower/conditioner you can buy. It's a close, clean cutting unit that gets the job done without the over-conditioning that other models produce.

And now Badger makes it easier than ever to have a new Mower/Conditioner working for you this season! That's right, with Badger's special in-season waiver program, and a super 15.5% finance rate, you can get a new mower/conditioner now, and not worry about finance charges until September 1, 1981. No other company offers a deal this good!

So see your Badger Dealer now. Talk to the man who knows how you can have the finest forage crop ever, thanks to a new Badger Mower/Conditioner.

Talk to the man who knows

and save!
WAIVER ON MOWER/CONDITIONERS TILL SEPT. 1, 1981
