

SURGE OUTPERFORMS ITSELF...AGAIN.

Introducing the best lightweight, high capacity milker Surge ever designed. A full pound lighter than our popular Mini-Cup II, yet its 39 cubic inches give it more capacity than any other claw-type milker.

The new Mini-Orbit is also easier to carry, easier to attach and remove. Fits right in your hand.

Visibility's better, too. And larger, repositioned nipples coupled with larger stem inflations, proper balance and low center of gravity assure faster, more equal milking action.
