

BROCK®

Brock grain bins are famous for their strength, durability and good looks. But with Brock you'll get far more than just a great grain bin.

You'll get a great dealer. A grain storage expert who can help you with system planning, financing, and installation.

That's why they chose us to be a qualified Brock dealer. And that's why you should see us today. We have a grain storage and handling system to meet all your needs.

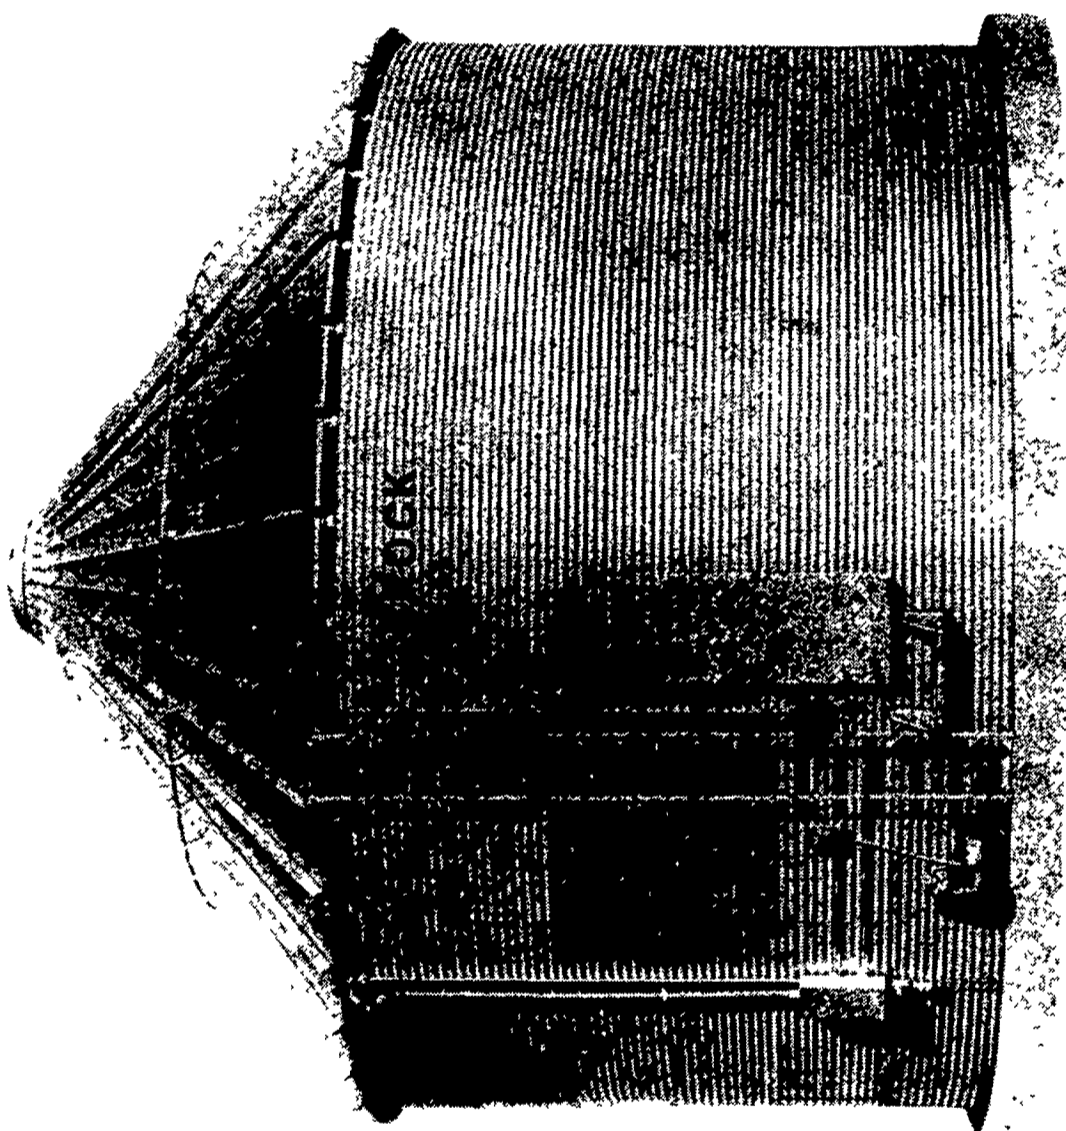

BAZOOKA

We'll help you put it together

Tell us what you need, and we'll design and install a complete new system for you, or modernize your present set-up. Bazooka augers and U-trough conveyors keep your systems going longer... smoother... safer.

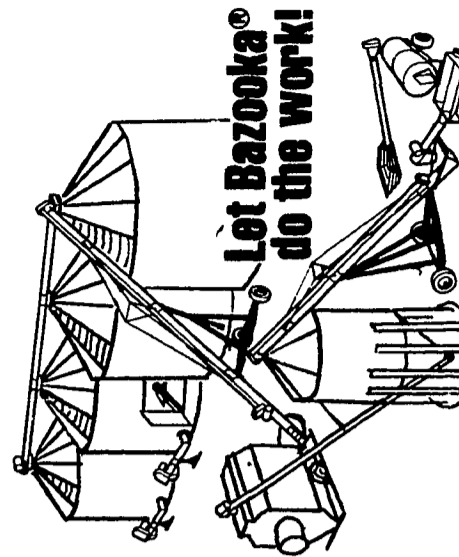

TWO OF THE VERY BEST IN FARM STORAGE

BAZOOKA® GRAIN MOVING SYSTEMS

Components that move grain can be as important as the storage bins or drying bins you choose. Augers are the heart of your system because they do the work... keep you going during the busy harvest time.

Bazooka augers are long lasting and smooth running. You have a wide choice of capacities, accessories and drives. You can also expand any Bazooka system with a minimum of expense.

Let Bazooka® do the work!

BAZOOKA transport augers have chrome-plated intake flighting that doubles its life, a galvanized drive shaft that reduces maintenance time, and permanently lubricated, precision machined chain reducer drive with cast iron housing. Plus many other timesaving, convenience and safety features.

BAZOOKA transfer augers have important differences at the drive end, like heavy duty thrust bearings, machined, cast iron sheaves, and easily adjusted motor mounts supported equally on all four corners.

BAZOOKA sweeps and unloading augers can make quick work of emptying out a bin. Portable types can be moved from one bin to another while permanent types are driven by powerheads located outside the bin.

BAZOOKA Graincleaner™ is a rotary type scalper/cleaner with a built-in fines collector.

NOW is the time to PLAN, Budget and Select YOUR STORAGE, DRYING and HANDLING SYSTEM.
