

**BUY NOW  
LEASE NOW  
AND SAVE!**

Buy a John Deere Tractor Now and Save on Finance Charges or Lease Now and Your Payments Will Be Discounted 10%

**AG  
PROGRESS  
DAYS  
AUGUST  
25-27  
1981**

**BUY HAY EQUIPMENT  
NOW.  
PAY NO FINANCE CHARGES  
UNTIL JANUARY 1, 1982**

Now is your best time to purchase a new John Deere 40- to 275-hp tractor! Buy now and no finance charges will accrue until March 1, 1982.

This money-saving offer also applies to all used tractors and new John Deere and used implements sold with the tractor.

If leasing is being considered, your lease payments on new John Deere tractors and implements leased with the tractor will be discounted 10 percent.

We'd like to discuss how we can help your dollars earn more this year. Come in this week and let's make a deal.

Now's the time to buy the new or used haying equipment you need. Rectangular or round balers, mower/conditioners, windrowers and forage harvesters are all included in this money-saving program. Buy the equipment now and put it to work in your fields. Or lease now and take advantage of discounted lease payments. Stop in soon and make your deal. This special offer ends August 31, 1981.

**JOHN DEERE COMPACT UTILITY DIESEL TRACTORS  
CUT IT ANY WAY YOU LIKE**

Capacity-matched mowers give these Task-Master™ Tractors the versatility you need to handle a variety of mowing jobs

Roadsides, municipal parks, schoolyards...wherever there's a mowing job to do, the John Deere 650, 750, 850, 950 and 1050 stand ready.

With diesel engines (14.5, 18, 22, 27 and 33 PTO hp, respectively\*) and five mower options, these tractors can handle most grounds maintenance jobs.

Mid-mounted mowers are ideal for grooming parks, airports, shopping centers and large estates. Cutting width is 5 or 6 feet, depending on model. Gauge wheels help prevent scalping.

Rotary cutters work wonders around buildings and along roadsides. Pick a model with 4½-, 5- or 6-foot cutting width.

The trail mower (for 850, 950 and 1050 Tractors) cuts through

dense growth quickly. It has a 6½-foot cutting width and an adjustable cutting height of ½ to 5 inches.

The new rear-mounted grooming mower mows a 6-foot swath. Cutting height adjusts from 1½ to 5 inches.

A 7-foot sicklebar mower (for 850, 950 and 1050) is also available. It's great for trimming ditches and inclines.

See us soon for a compact utility diesel tractor and capacity-matched mower. We also have implements for landscaping, farming and utility work.

\* Maximum PTO hp at 2600 engine rpm for the 650 and 850. 2400 engine rpm for the 750, 950 and 1050. All ratings by official test, except for the 650 and 750, which are factory observed.
