

York 4-H

(Continued from Page E12)

crossbred steer was selected as the champion medium weight steer before it advanced to its champion position.

The reserve champion steer was exhibited by Chris Shive, her Angus steer was the reserve champion middle weight. Chris also exhibited the supreme champion heifer of the show with her April calf, Rally Elba 330.

The champion bred and owned heifer, was exhibited by Tammy Eisenhower on her July heifer, H L Blackcap.

In addition to the beef show, another type of contest was held the 4-H fair stockman's contest. This contest included the judging of beef, sheep, swine, meats, equipment and feeds. There was no age limit to the competitors; anyone from eight to eighty could and did compete.

After the scores from the judging portion of the contest was complete

(Turn to Page E14)

These young ladies topped the junior division of the York fair Stockman's Contest, from left are: Julie Eisenhower, first; Melissa Trostle, second; Heidi Dietz, third; Pam Jefferis, fourth; and fifth place was John Muller who was not available for pictures.

The winners of the adult division of the stockman's contest include from left: Jim Parlett, second; Brenda Eisenhower, fifth; Linda Ebaugh, first; Dave Wise, third; Dick Rishel, fourth.

Like money in the tank

Invest in a Calumet Vacuum Tank with soil injector.

Liquid hog manure can save you several thousands of dollars in commercial fertilizer costs. That's why it pays to invest in Calumet.

Pick the tank size that fits your herd—from 1180 to 4500 gallon capacities. Choose from three vacuum pumps—177 CFM, 247 CFM, or 353 CFM—for fast filling. Select PTO powered at 540 or 1000 RPM, or optional hydraulic motor drive.

Then put those liquid assets to work with a Calumet 2- or 4-shank soil injector. Injecting helps retain four times the nitrogen usually lost in surface

spreading. And you'll reduce odor and runoff problems.

You'll get long-term dividends too. Calumet tanks are engineered for years of efficient, low maintenance operation. Heavy duty steel alloy tanks are epoxy-coated to resist corrosion. Double reinforced A-frames and support skids add strength for heavy loads. All Calumet products are backed by a 12-month warranty.

So start profiting from the fertilizer produced on your farm. Get a Calumet vacuum tank and soil injector. It's a tank you can bank on.
