technology should result in increased productivity such as the use of robotics in industry.

"The agriculture sector is the best argument for expanding the technological base." He added, "It's the most productive element of the economy."

Walker explained that with increased productivity the federal reserve can release money into the

economy because funds entering a productive economy is not going to be inflationary.

Locally, Walker has asked for a full environmental impact statement regarding the controversial Narvon Dump.

He admitted there is a legitimate reason for concern but that it is important to have a baseline of data from which to base decisions.

Arranged by the Lancaster County Farmers Association, the congressman's schedule included visits to the John Barley farm, Manor Township, Elvin K. Breneman, East Donegal Township, Donald L. Hershey, Rapho Township, Larry Weaver, Earl Township and Charles Rohrer, Paradise.

Peak Milk Production

doesn't just happen. It's planned for. University tests show that adequate mineral-vitamin supplementation is critical to the success of this plan. That's why you need YOUNG'S Mineral-Vitamin Premixes. Our FEED MANAGEMENT CONSULTANT can formulate a feeding program that will meet the nutritional needs of your dairy herd. He'll recommend the RIGHT YOUNG'S PREMIX to balance those critical minerals and vitamins. And that's how peak production happens.
