

**The Powr-Mizer Forage Harvesters — the capacity you've wanted with the horsepower you already have**

Squeeze extra work out of your tractor with the power-stingy 3940 and 3960 Forage Harvesters. Power-efficient features start with the 36- or 48-knife Dura-Drum™ cutterheads. These extra knives shear your crop into a fine-cut, uniform forage. And you can keep the knives cutting at peak performance with the quick-adjust stationary knife. Easy-access design lets you save your back and your temper, since there's no stooping and no shield removal. It only takes a wrench and less than 3 minutes to get an accurate adjustment.

Power efficiency continues with a special 2-speed blower. One speed lets you power through tough crops, like haylage, while the slower setting conserves energy on easy-to-blow crops.

Come by and see all the Powr-Mizer features on the 3940 and 3960 Forage Harvesters.

**SPECIAL JDFF FINANCE WAIVER PROGRAM**

**New John Deere and used hay equipment, forage harvesters, forage wagons finance charges waived to May 1, 1982**

**New John Deere and used tractors with matched equipment finance charges waived to March 1, 1982**

**130-hp 4440**

**A beefy response to your long-term needs**

The 4440 is indeed a powerful performer. But just as important, it has the strength to back up that power in the field. From stem to stern, it's beefier than its predecessor. There's a bigger-displacement engine, new engine cooling system, bigger transmission/hydraulic oil cooling system, multi-pinion differential, wider final drives, and bigger drive axles. These are just a few of the points we'd like to cover when you stop by the store and ask for more information on the 4440.

**THE TASK-MASTERS™**

**John Deere Compact Utility Diesel Tractors**

Plowing or planting. Mowing or landscaping. Loading or backhoeing. These John Deere Compact Utility Tractors are at home in most any working environment. Choose from five models — with 14.5, 18, 22, 27, and 33 hp at the PTO\*. The 650 has a 2-cylinder diesel engine; all others, 3-cylinder. Eight-speed transmission. Differential lock. Hand and foot throttles. Category 1 3-point hitch. 540-rpm PTO. Color coded controls. And more.

The 1050 features a turbo-charged engine for more power, smoother operation and fewer emissions. Plus a continuous-running PTO for added productivity...load-and-depth-sensing hitch...swinging drawbar. The 650, 750, 950 and 1050 can be ordered with mechanical front-wheel drive for added traction.

If you need a compact tractor that'll handle a range of jobs,, see us today. Check out our line of tractor-matched implements. Then ask for a demonstration. Compact utility diesel tractors — the Task-Masters from John Deere.

\* Maximum PTO hp at 2600 engine rpm for the 650 and 850. 2400 engine rpm for the 750, 950 and 1050. All ratings by official test, except for the 650 and 750, which are factory observed.
