

Water fowl season set for Pa.

HARRISBURG — Waterfowl seasons and bag limits for 1981 have been established by the Pennsylvania Game Commission within frameworks set up by the U.S. Fish and Wildlife Service.

Waterfowl hunting will take on a different look in Pennsylvania this year, with the establishment of four separate, experimental waterfowl hunting zones, and separate seasons for each zone.

The Lake Erie Zone, set up two years ago, includes Lake Erie, all of Presque Isle and the area within 150 yards of Lake Erie between the Ohio and New York borders.

The Northwest Zone, new this year, includes the area bounded on the north by the Lake Erie Zone and the New York line, on the east by and including the Allegheny River, on the south by Interstate Route 80, and on the west by the Ohio line.

The North Zone includes the area east of the Allegheny River and north of Interstate Route 80 from the Allegheny River to Route 220, north of Route 220 from Interstate Route 80 to Route 147, north and east of Route 147 from Route 220 to Interstate Route 80, and north of Interstate Route 80 from Route 147 to the Delaware River.

All of Pennsylvania not in the Lake Erie, Northwest and North Zones is included in the South Zone.

The duck season opens in the North Zone on October 3 and closes on November 21, while the Lake Erie Zone duck season begins on October 24 and ends on December 12.

In the Northwest Zone, the first segment of the duck season opens October 10 and closes October 17, re-opening October 26 and closing December 5. In the South Zone, the first part of the duck season runs from October 17 through October 24, with the second segment beginning November 9 and ending December 19.

The goose season opens in the North Zone on October 3 and closes on December 11; the Northwest Zone goose season runs from October 10 through December 18; and the Lake Erie and South Zones begins on October 17 and closes on December 24.

Waterfowl hunting begins at 8 a.m. on October 3 in the North Zone; shooting starts at 8 a.m. on October 10 in the Northwest Zone; and the South Zone opening hour on October 17 is 8 a.m.

For the first time in many years, Pennsylvania hunters will be able to take Atlantic brant in 1981. The season will open October 24 and close

November 21 in all zones. The daily limit on brant will be 2, with a possession limit of four.

The duck daily bag limit will be 4, with a possession limit of 8. Not more than 2 wood ducks or 2 black ducks may be taken daily, and a hunter may not possess more than 4 wood or 4 black ducks.

A hunter may take one canvasback daily. A hunter may take either 2 redheads daily OR one canvasback and one redhead daily. The

possession limit on canvasback is 1; on redheads, 4.

Although the daily limit on mergansers is 5 with a possession limit of 10, not more than 1 hooded merganser may be taken daily, and the possession limit on hooded mergansers is 2. Hunters this year may again take 15 coots daily, with a possession limit of 30.

Extra teal, in addition to regular duck limits, can be taken during the first seven shooting

days of the duck season in each of the four waterfowl zones. The extra teal limit is 2 blue wing or 2 green wing teal, or 1 of each species daily. The extra teal possession limit is 4,

singly or in the aggregate of the two species.

Hunters may take 2 scaup daily on Lake Erie and Presque Isle Bay in addition to the regular duck limit

during the Lake Erie Zone duck season. The possession limit on the extra scaup is 4.

In most of Pennsylvania, 3 Canada geese may be taken per day, with a possession limit of 6. In Butler, Crawford, Erie and Mercer Counties, the Canada goose daily limit is 1. At Pymatuning and Middle Creek Wildlife Management Areas, the daily goose limit is 1,

regardless of species. South of Route 22 and east of Interstate Route 83, the daily goose limit is 4, with a possession limit of 8.

The daily bag limit on snow and/or blue geese will continue this year at 4, with a possession limit of 8. Hunters may again take 7 seas ducks (scoter, eider, old-squaws) daily, with no more than 14 in possession.

Complete Dairy Dispersal

Charles and Loraine Dennison
Cato, NY, Cayuga Co.
SATURDAY, SEPTEMBER 26
12 noon
