**Switch
fertilizer tanks
to a Calumet vacuum tank
with soil injector**

Liquid hog manure can save thousands of dollars in commercial fertilizer costs. So it makes sense to, preserve that value with good management.

That's why Calumet recommends pairing our vacuum tank with a 2 or 4-shank Calumet soil injector. Soil plow down retains about four times the nitrogen lost with surface spreading, plus reduces odor and runoff.

Stop in to see the full line of Calumet vacuum tanks — in capacities from 1180 to 4500 gallons and choice of two vacuum pumps. And ask about the benefits of using a Calumet 2 or 4-shank soil injector.

USED EQUIPMENT—

- 12' Better Bilt Auger Pump
- 10' Badger Pump
- 8' Calumet Pump
- 24' Nesseth Open Pit Pump
