**Too much moisture
can sink a crop of winter wheat.**

All-Risk Crop Insurance can save you.

If it rains for forty days and forty nights, you could be in big trouble.

Unless you get All-Risk Crop Insurance to protect yourself. Not only against too much moisture, but against too little. As well as such other natural disasters as wind, insects and disease.

When you consider it takes five years of your profits to put a crop in the ground, that's protection you can't do without. See us today, and we'll help you farm with a lot more confidence.
