For Your Freezer, Sides of Pork,  
Sides of Beef.

Trim farmsteads,  
shred stalks with a  
Ford rotary cutter.

Call us we've got a  
deal for you.

ALLEN H. MATZ, INC.

505 E. Main St., New Holland  
Ph: 717-354-2214

SERVING THE COMMUNITY  
THIRTY-ONE YEARS  
LANC. CO'S OLDEST FORD DEALER

"... Family farming constitutes, really, a culture. People whose farms are on the outskirts of a growing town, who want to farm, and for whom farming is the tie to their ancestors and children, have to deal with a strange, disruptive problem. Can a stable, hale way of life that is the basis for health and order in community and government, be exchanged for money?"

"... One time, up there, I saw them strip-plowing about a forty-acre field. There must have been two hundred teams plowing that field, one behind another—all colors, all sizes, horses and mules, their skirts just a-waving along with the motion of the double-tree, as if they were floating on the water. I can get goose-pimples on me from just sitting there thinking about it."

"... I feel a bond between us and a dependence on each other, and I know I have a horse I can be proud of."

## The EVENER

The Draft Horse Magazine

If you are looking for practical information and worthwhile articles about draft horses, mules and oxen, you'll find them in each issue of The Evener.

Our bi-monthly magazine, now under new ownership, offers a wide selection of features written by farmers, breeders and people who use horses, as well as our columnists specializing in veterinary medicine, hoofcare, harnessing and oxen.

The Evener fosters a vital exchange among its readers, and is dedicated to supporting both the small family farm and the draft-horse industry.

Enjoy reading about the practical use of horses today distilled from lessons from the past, or contribute your own knowledge and experience—subscribe today!

The satisfaction that comes  
from doing a good job  
of farming

Liming is one of the most important factors in keeping your soil in the highest productive range. A good pasture with a pH of 6.5 or higher, for example, will make 300 to 400 lbs of beef per acre and produce up to \$100 gross income per acre. This means with the help of lime, profits from pastures can compare favorably with feed or grain crops.
