

(Continued from Page D30)

difficult decisions. Others can provide services that a farmer has neither time nor skill to do for himself.

So back to the question of getting bigger or better. I'm strongly in

favor of getting better. Once a farmer reaches predetermined production efficiency goals, then he can expand with some assurance of success. Anything less than that is a high risk ego trip.

NEWARK, Del. — Dates have been set for the 1981 Delmarva Poultry Nutrition Short Course. Classes will be held at the University of Delaware's

Georgetown Substation on the following Wednesday nights: October 28, November 11 and November 18. Each session will start at 7:30 p.m. Certificates will be presented to participants Monday evening, November 23, following a special dinner at the Holiday Inn in Salisbury, Md.

Subjects to be covered this year include feed microscopy; chloride as a nutrient; the use of synthetic methionine in broiler rations; mycotoxins and immunity in broiler chickens; and the

economics of feed vs. fuel energy.

The course is sponsored jointly by the Delaware Cooperative Extension Service, the University of Delaware, and Delmarva Poultry Industry, Inc.

There is a \$15 fee to register. Deadline for registration is October 23. For further information call or write Extension Poultry Specialist George W. Chaloupka, University of Delaware Substation, R.D. 2, Box 48, Georgetown, DE 19947 302/856-5250.

Delmarva poultry nutrition course starts Oct. 28

KNIGHT

NEVER BUY A MANURE SPREADER BEFORE YOU CHECK WITH THE GROWING NO. 1!

KNIGHT MODEL "410" MANURE SPREADER
In Stock
As Shown

Here is why consideration should be given to KNIGHT - The Copper Bearing Steel Box (No Rusted-Out Sides)

- Box made of 10 gauge floors with heavy duty frame, under carriage completely separate of bolt on box
- Heavy duty oscillating tandem axles with 8 bolt wheels.
- Wide spreader beaters are made of heavy auger type with ripper prongs which eliminates chunks of unpulverized manure piles laying around in the field.
- Double Gratz chain web is standard
- Lower spinner beater for fines and liquid type available as shown.

For fine spreading of semi-solid or loose material the optional lower spinner beater can be added. Especially good for spreading on seeding.

With A KNIGHT MINI-AUGGIE STATIONARY MIXER

Electronic Scales,
82 Bushel Capacity,
3 H.P. Electric Motor
With Drive is
Standard Equipment.

Here are some very important features you should consider before you buy any mixer:

1. Mixing area is made of 3/16" copper bearing steel to resist rusting from high acid feeds.
2. This unit is designed to move through a 36" doorway.
3. This unit features direct drive which eliminates all belts, with an industrial oil bath gear box.
4. Standard equipment includes magnet in unloading chute to remove foreign metal.
5. 3 mixing augers guarantee precise mixed rations which will pay for this unit very quickly. Users can verify this factor

Reach To The Top With An ALLIED GRAIN AUGER

That's what you'll do when you buy an Allied auger. You'll get the best combination in reach, capacity, stability, safety and long life — all backed by a quarter century of auger engineering and manufacturing know how.

Here's why Allied is your best buy: cupped and extra heavy intake fighting for capacity and durability; bottom shoe on intake keeps screw from fanning grain out; sliding feed control for adjustable grain flow; clean intake end — engine, motor, or standard PTO drives do not obstruct intake end reach; strong gearbox with five year warranty; totally enclosed lubricated roller chain drive; discharge opening larger than tube — no backup; double acting undercarriage — proper balance, safe auger support, full reach and eave clearance, full safety guarding to ASAE standards.

Extra features — shear protection, cadmium-plated hardware, demountable storable hitch, PTO carriers, and safety brake winch.

6" and 7" augers are available in 35', 41' and 51' lengths, 8" in 41', 51' and 61'.

And remember Allied's two year warranty on the complete auger! Buy Allied and Reach To The Top.
