

AVCO NEW IDEA

UNIQUE "UNDERSHOT"

The "undershot principle" throws the manure down back where the winds won't break up the spread. The ideal answer for top dressing or heavy spreading.

See the "widespread" cylinder-paddle spreader, the modern version of the shredder-spreader concept. Also available are scientifically-designed, farm proven single-beater spreaders in three popular sizes.

SCIENTIFICALLY DESIGNED, FARM PROVEN.

SINGLE BEATER SPREADERS...

Great all-weather machines. Twelve scientifically designed thick steel paddles, attached to a 3½-inch diameter tubular steel beater staff, slice better, shred better and spread better. Big spreader capacity for your money. Other models available: "The Wide Spread" cylinder-paddle spreader and the unique "Undershot" flail-type spreader.
