STOP BREAKING ICE!!!

USE The Automatic Freeze-Proof Waterer

Pond Bank Installation

Pressure System Installation

- NO ENERGY NEEDED
- Simple Installation
- Easy Maintenance

Our Automatic Freeze-Proof Waterer was developed in Missouri with the help of Soil Conservation Service personnel. No external source of energy is required because the hardware in this waterer is designed to keep 100 gallons of water ice-free. The water supply can be a pond, dam, or pressure system. Fence your ponds to eliminate soil erosion on banks caused by cattle walking into the water. Protect your livestock from foot rot and other diseases and provide them with clear drinking water regardless of the season!

All Our Products:

- Steel-Reinforced Precast Concrete
 - Available from Inventory •
- Customer Satisfaction Guaranteed •
- Delivery to Your Farm (Additional Freight Charges) •

Other Farm Products Available:

The SMITH CATTLEGUARD®

- No. 1 In The Country
