

TRY A FORD ON FOR SIZE!

**5 New Ford Diesels,
13 - 30 hp**

25-hp Ford 1700

It's a new kind of Ford!

Now there's a whole new line of small Ford tractors...just the right size for people who need more than a garden tractor, less than a full-sized tractor.

Each of these new 1600 Series Fords offers many big-tractor features: A liquid-cooled diesel engine...three-point hitch and built-in hydraulics to let you handle mounted implements with fingertip ease...540 rpm PTO with overrunning clutch to operate mowers and other powered equipment... an all-gear power train with 10 or 12-speed transmission that gives you the right combination of ground and engine speed for just about any job.

Optional four-wheel drive gives you extra traction when you need it. Special "creeper" transmission option gives you extra speed choices.

We back 'em up just like our big ones, too. With genuine Ford parts and a service shop run by experienced diesel engine mechanics.

Ford 32 to 84 hp tractors have the power you need, the features you want.

70-hp Ford 6600

Ford gives you a choice of ten all-purpose tractors from 32 to 84 PTO hp. Tractors built for heavy work and powered by proven Ford engines. With Ford hydraulic systems, you get precision control for easy, accurate adjustment of mounted implements. Exclusive Load Monitor hydraulics* provide true draft control of mounted, semi-mounted and even pull-type implements. And Ford offers quality factory cab comfort for every size from 60-hp up! Stop in and see! We have the tractor power and features you need!

* Available on 60, 70 and 84-hp models
