## Bradford launches 4-H memorial building fund

**BY JANE BRESEE**  
**Staff Correspondent**

**TROY, PA.** — A 4-H Memorial Building Fund has recently been in memory of Landa Huislander, Bradford-County Extension Home Economist who died suddenly last August.

According to Brian Harris, chairman of the Building Fund Committee, the need for a 4H building has long been realized because of the size of the 4-H Program. In 1981 Bradford County had a total of 2,629 4-H club members, 56 clubs, and 2,957 projects.

The decision to go ahead with the building program came after \$1500 came pouring in from individuals and 4-H club members for a memorial to Landa, who loved young people and was a very popular leader.

Members of Alparon Park Association which controls the Troy Fair Grounds where 4-H Round-up has been held in recent years, were most enthusiastic about a 4-H building, giving their consent and approval that it be built in the area where the craft tents are placed on Sheep and Wool Days, a popular part of the annual Troy Fair.

Plans call for a building 40 by 100 feet. Half of it will be used for 4-H projects, displays, and exhibits, and the other half for the exhibition of crafts during the fair. The building will be available for other activities with the permission and scheduling of the 4-H agent at the County Extension office, Harris said.

Cost projection of the committee for the building along ranges around \$25,000 with an additional

\$10,000 to furnish the interior. The committee is in the process of advertising for bids for building with the goal that it be completed for use at Troy Fair time next July.

All gifts to the fund should be made to Levetta Comstark, 4-H Agent, Bradford-County Extension Office, Towanda, Pa. 18848.
