

Now. Save on finance charges with a new John Deere tractor.

It won't cost you as much as you thought to buy a new John Deere tractor right now. On models 4040 through 8640, if you make a deal with us any time before January 30, 1982, you won't have to pay a penny in finance charges until June 1, 1982! You get the tractor. And you hold on to the money you would normally pay for finance charges.

If you would rather lease, you can save there, too. On those same tractor models, your scheduled lease payments will be discounted 10%!

And that's not all. Any new John Deere or used implements you buy with your tractor earn the same finance charge waiver. This is the best way to get behind the wheel of a new John Deere tractor.

For a limited time, earn \$50 to \$1,200 in bonus buying power by ordering a new John Deere disk, hay or forage tool

Order any new John Deere hay/forage tool or disk listed here and, during this special limited-time offer, you'll qualify for a bonanza of bonuses. You'll receive \$50 to \$1,200 in John Deere money you can exchange for goods or services at our store after you take delivery. From the time you order until we make delivery, you'll get price protection on any machine in this bonus program. And, no finance charges will accrue on a disk

purchase until March 1, 1982, or until the first of the month in which a hay/forage tool purchase will next be used in this area. Also remember, this equipment could earn you investment tax credit in 1981 plus tax write-off under new depreciation schedules.

So act now and save. Check the list and order before this Bonus Bonanza offer ends.
