AAtrex Nine-O. The Waste-Not atrazine.

If you're using liquid atrazine, you can see how much is left clinging to the inside of each jug. That's wasted atrazine and wasted money. Now you can move up to AAtrex® Nine-O® and get every speck of atrazine you pay for. The AAtrex Nine-O dissolving granules pour clean out of the 25-pound bags... not one granule clings to the bag, not one bit of atrazine is wasted. And there are no messy jugs to rinse, no disposal problems. The empty bags simply fold or crumple for easy disposal. And these empties are really empty. Move up to AAtrex Nine-O. It's the best broadleaf herbicide with no waste.
