**COME TO WHERE THE MIXERS ARE IN STOCK**

**Make every bite right.**

Combine Ensilmixer® feed mixer, with scales, and a Jamesway™ TMR system.

You can increase production Reduce feed costs And improve labor efficiency All, when you use an Ensilmixer feed mixer, with scales, by Oswalt® to round out your Jamesway Total Mixed Ration (TMR) feeding system (including silage distributor-unloaders, conveyors and cattle feeders). Or, use it with any mechanized feeding system Whether you prefer the stationary, trailer-mounted or truck-mounted model, it's a real profit-building management tool

Precisely weighs ingredients. Accurate weighing means consistent, balanced rations; eliminates waste Lets you calculate the amount of feed needed and mix that much Weigh bar system is standard, electronic scales optional.

Unique mixing pattern blends feed thoroughly. Three augers move feed from front to back and side to side Reverse flighting at both ends lets feed fall freely for recirculation or discharge by the bottom auger. Uniformly mixes even partial loads

That's why the Ensilmixer feed mixer, with scales, and TMR feeding system are right for you as well as your cattle And, can help make farming just a little bit better Ask your Jamesway Power Choring dealer.
