Uni-loader...for power-in-hand command

- Uni-Loader design eliminates pedal controls. Helps dairymen get their scraping, lifting, dumping and other backbreaking chores done faster and easier, without unnecessary "steps" to coordinate foot and hand movements. Two hand levers control everything - power, speed, direction, loader and bucket functions.

Other productive advantages include hydrostatic 4-wheel drive for smooth going with infinitely variable control. 360 turn capability for getting in and out of

pens, out-buildings and other tight spots with ease. Quick parts and service - with dealer access to the Case nationwide network of computer-linked parts depots.

See your nearby Case dealer for the Uni-Loader to suit your needs. Available in 16, 30 and 45 hp models with lift capacities up to 1700 lbs.

Vo-ag award honors Leib

MECHANICSBURG — Robert E. Leib, vo-ag teacher and FFA advisor at Cumberland Valley High School, Mechanicsburg, has been honored for the innovative introduction of a monthly FFA chapter newsletter in the school's vocational agriculture program.

Leib was a regional winner in a national "Ideas Unlimited Contest" conducted at the recent convention of the National Vocational Agricultural Teachers' Association in Atlanta, Ga.

Leib was winner from the 13-state Region VI.

The contest is designed to give vo-ag teachers an opportunity to share ideas that add to the success of their programs.

Leib has been vo-ag teacher at Cumberland Valley for the past eight years.
