

WHEN IT COMES TO UPRIGHT STORAGE, NOBODY BUT MADISON CAN CLAIM SO MANY "FIRSTS."

**(AND WE'RE
STILL AT IT!)**

Madison structures have been going up on American farms for 65 years. Today, in spite of competition from many other companies, one out of every four silos in America is a Madison! Here are some of the reasons:

FIRST

Madison was first to offer a concrete stave, bottom-unloading, atmosphere-controlled feed storage and processing system.

FIRST

Madison developed the Vibra-Cor® stave for **GREATER LOAD—BEARING CAPABILITY AND BETTER INSULATION.**

FIRST

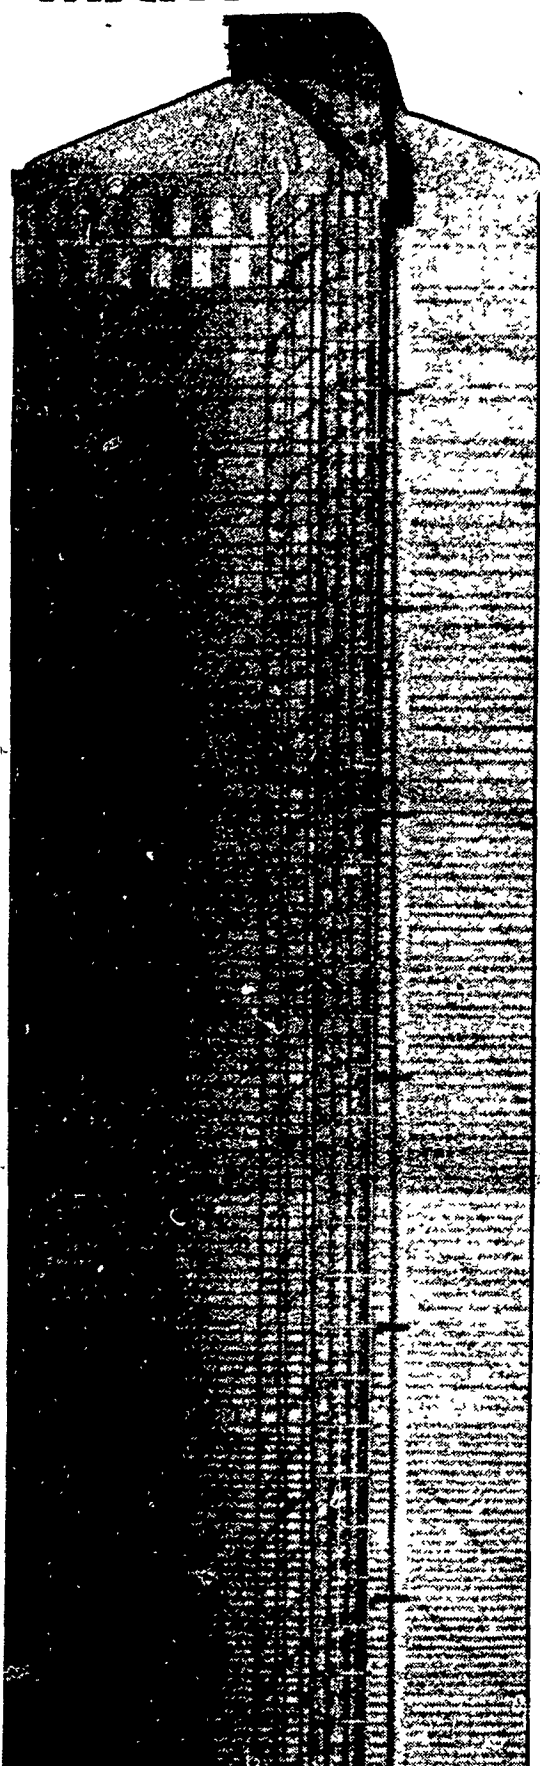

Madison pioneered the fiberglass sealed roof **FOR ATMOSPHERE CONTROLLED STRUCTURES.**

FIRST

Madison developed the **'double-rafter silo' roof.**

FIRST

Madison was first to develop its own silo accessories, each designed to be the best available.

**MADISON IS
FOR YOU
IN '82**

FIRST

Madison pioneered the fiberglass chute cover and skylight.

FIRST

Madison pioneered the safer high-back platform filler stand.

FIRST

Madison offered the first industrial-type caged ladder for better protection.

FIRST

Madison pioneered the "hoop tensioning follow-up program" to assure maximum structural integrity by torque-testing each hoop, after installation.

FIRST

Madison pioneered the use of Gunitite for better inside finish in all atmosphere-controlled structures.

Before you buy upright storage, talk to your Madison dealer. He's first in a lot of ways and he wants to prove it to you.
