SHEEP 9: Few Choice 100-105 lbs. shorn slaughter lambs 55.00-63. Few Slaughter ewes 25.00-33.0.

This calf gained 2.28 lbs. a day on the Agway veal feeding program. And that's not unusual.

The results are in, and they prove that the Agway veal feeding program can help get your veal to market weight fast.

The Agway veal feeding program consists of three key feeds: Agway Veal Pre-Starter, Veal Starter, and Veal Finisher. Thoroughly tested by Land O' Lakes, manufacturer of Agway veal feeds, and on over 400 calves at three professional veal producing farms, these feeds really performed. On the three farms, average gain per calf was 2.28 lbs. a day, with a feed conversion rate of 1.64 lbs. of feed per pound gained.

Feed conversion rate with Agway veal feeding program: results showed that calves gained one pound for every 1.64 lbs. of feed fed.

QUALITY INGREDIENTS FOR OUTSTANDING RESULTS.

Field tests have conclusively demonstrated that fat source and protein quality are major factors in veal calf performance. That's why Agway uses only top quality fat and milk protein that meet rigorous specifications.

Agway Veal Pre-Starter contains 24% protein and 20% fat, plus extra vitamins, minerals and antibiotic fortification. Veal Starter features the same percentage of protein and fat, plus added fortification for the needs of a rapidly growing calf. And

Veal Finisher contains slightly lower levels of protein and fat, 18% and 18% respectively, so you can bring your calf to market weight rapidly and economically.

TRY THE FARM-TESTED AGWAY VEAL PROGRAM.

The Agway veal feeding program can turn your program into a high performance success story, too. For more information on the Agway program, contact your local

Agway... they'll show you how these veal feeds can give your veal program the energy it needs to be a real money-maker.

Agway veal feeds use top quality fat and milk protein

Quality Product
Stanfield

CREEP FEEDER

Includes:

- Large open feed pan to simulate floor feeding.
- Sturdy aluminum bracket for quick feeder in-and-out
- Generous 1 1/4 gallon hopper capacity.

Not just another creep feeder! A farm tested natural way to start two and three day-old-pigs on solid feed. Pigs learn to eat creep feed before weaning. So you wean faster and pigs do better under less stress.

HEAT PADS

For Farrowing Crates And Nursery With Stanfield Surface, Draft Barrier Cleats, Twin Cords.
