Volumatic[®] III silage distributor-unloader

by JAMESWAY[®]

Cuts evenly

Another reason why all ring-drive silo unloaders are not alike: Wide-stance hexapod 3-point suspension features big 6-inch pulleys and 5/10-inch steel cables to assure proper balance, less stress. Machine can't tip or tilt; cuts level, from top to bottom. Can be installed in empty, partly empty or full silo.

See us for systems and service that help make the good life better.
