

The emblem of quality since 1929...

still stands today. At Wayne® Feeds, quality is basic. From basic research and on-the-farm testing right through strict manufacturing control. It means quality ingredients... that complement each other biologically for the most efficient utilization. The result, predictable performance from livestock and poultry.

You'll find this quality in every Wayne Feeds product. Like Tail Curler Rockets® for baby pigs. Fresh 'N Worm™ for dairy cows. Boost 'N Iron™ for sows and pigs. We even use the computer with such programs as T-Bone, Maxine and Shelly to assure that nutritional needs are met at the lowest cost for meat, milk and egg production.

Our quality is basic. And that's a very good reason to choose Wayne Feeds.

PARTICIPATING DEALERS
