Mow faster, up to 10 mph, without plugging. Through wet, heavy grass or down tangled crops. The toughest conditions you face won't stop Gehl's new disc mowers and disc mower conditioners.

High Impact cutting. High speed, heavy duty discs spin at 3,000 rpm; each disc has three reversible, low cost knives. This prevents plugging found with conventional, sickle-type machines in difficult cutting conditions.

Minimize costly maintenance. Gehl's solid, simple design means more productive time, more profit for you!

Choice of three machines. Disc mowers include a 5'6" model 140 and 7'10" model 160. The disc mower conditioner is a 7'10" model 1080. It features rubber rolls that gently crack the stems at uniform intervals. Saves leaves and nutrients. Adjustable shields let you choose full width swaths or tall, fluffy windrows.

See for yourself how these tough machines cut through almost any crop so you get more done in less time. Visit your Gehl dealer today.
