

FEED HANDLING EQUIPMENT BY BADGER NORTHLAND!

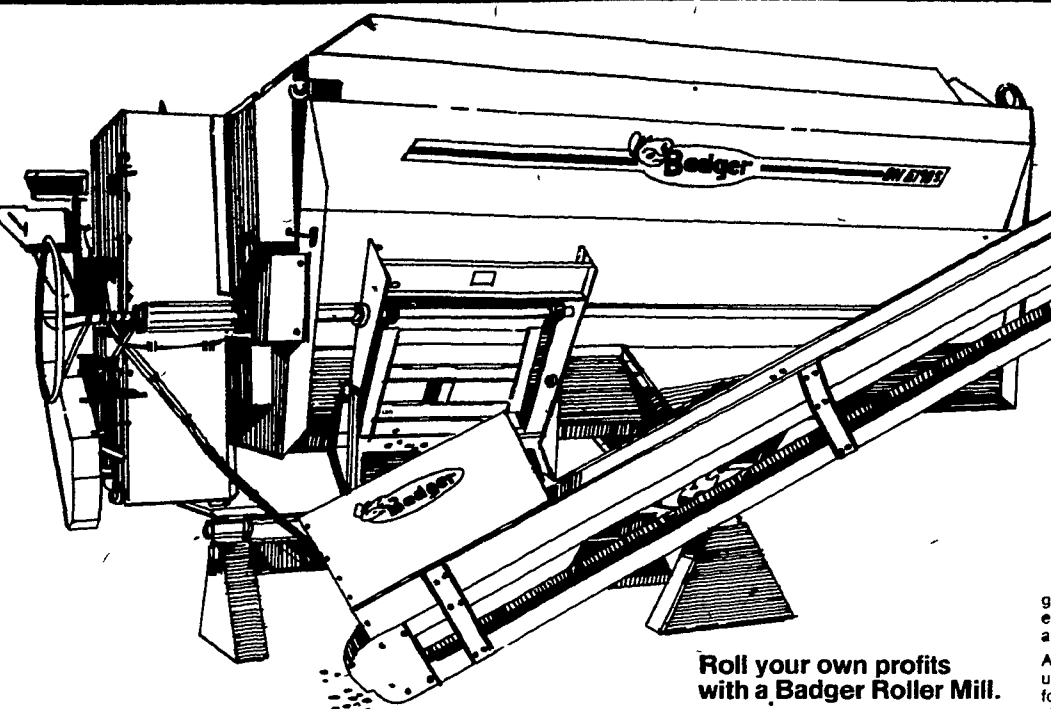

Nobody ever said feeding dairy or beef cattle was an easy way to make a living but you know what it takes to be successful and so does Badger Northland. The difference between success or failure is good management. And good management means efficiency. That's exactly where Badger Northland comes in.

The Badger Northland Feed Handling Concept is based on a number of solid facts:

You are independent and you value that independence. Because of this Badger builds feed handling equipment that enhances that independence making you less reliant on outside services for feed and feed processing.

You are in business to make a profit. Badger Northland's Feed Handling Equipment is designed to assist you in that goal to make feeding as cost efficient as possible, thus giving you maximum return on your investment.

Finally, no two operations are alike and you require equipment that can be tailored to your individual needs. Badger Feed Handling Equipment is the most versatile in the industry and because of this independence efficiency and profit can be gained more easily. And these are the reasons Badger Northland should be your brand when it comes to feed handling equipment.

Roll your own profits with a Badger Roller Mill.

Roller grain is better. Whether you're feeding beef, dairy, hogs or poultry, you'll get more from your grain with a Badger Roller Mill. Here's why: Improved palatability and digestibility eliminates digestive disorders of hammered grains producing dust and flour. This also avoids feed waste and respiratory ailments. Provides more

gain from less grain and the most energy efficient method of processing all types of feed.

And Badger Roller Mills are versatile units that will fit into your operation for years to come. Their bolted construction will adapt to various installations as your needs change. Kits are available to convert to trailer skid and other roller mill uses.

Contact your Badger Dealer now. Talk to the man who knows what it takes to get super feed efficiency with a Badger Roller Mill.

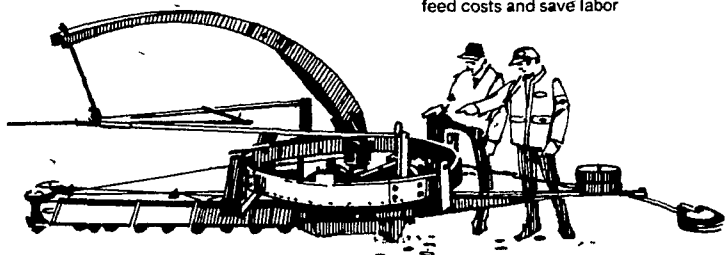

Complete Blended Rations (CBR) with a Badger Weigher/Mixer will increase your profits through higher weight gains in beef feeding and greater milk production in dairy herds.

That's right with a Badger Weigher/Mixer you can actually lower your feed costs and save labor.

Stationary or trailer models with weigh bar scales and LED display give easy readings and make it easy to prepare a balanced ration tailored to your needs. And Badger Weigher/Mixers are built strong for years of trouble-free operation.

Complete Blended Rations (CBR) are the way of the future in attaining ultimate performance from your cattle. The technology and equipment are available and affordable to you on the site of your operation with the Badger Feed Weigher/Mixer.

See your Badger Dealer soon. Talk to the man who knows how you can make CBR a profitable practice in your feeding operation.

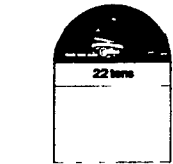

The Badger Northland Pow-R-Trac Silo Unloader. It's 22 tons* better!

The Badger Pow-R-Trac is the best unloader on the market. Engineered with work-saving features and dependable heavy-duty materials, this heavyweight eliminates common unloading problems of other competitor's models.

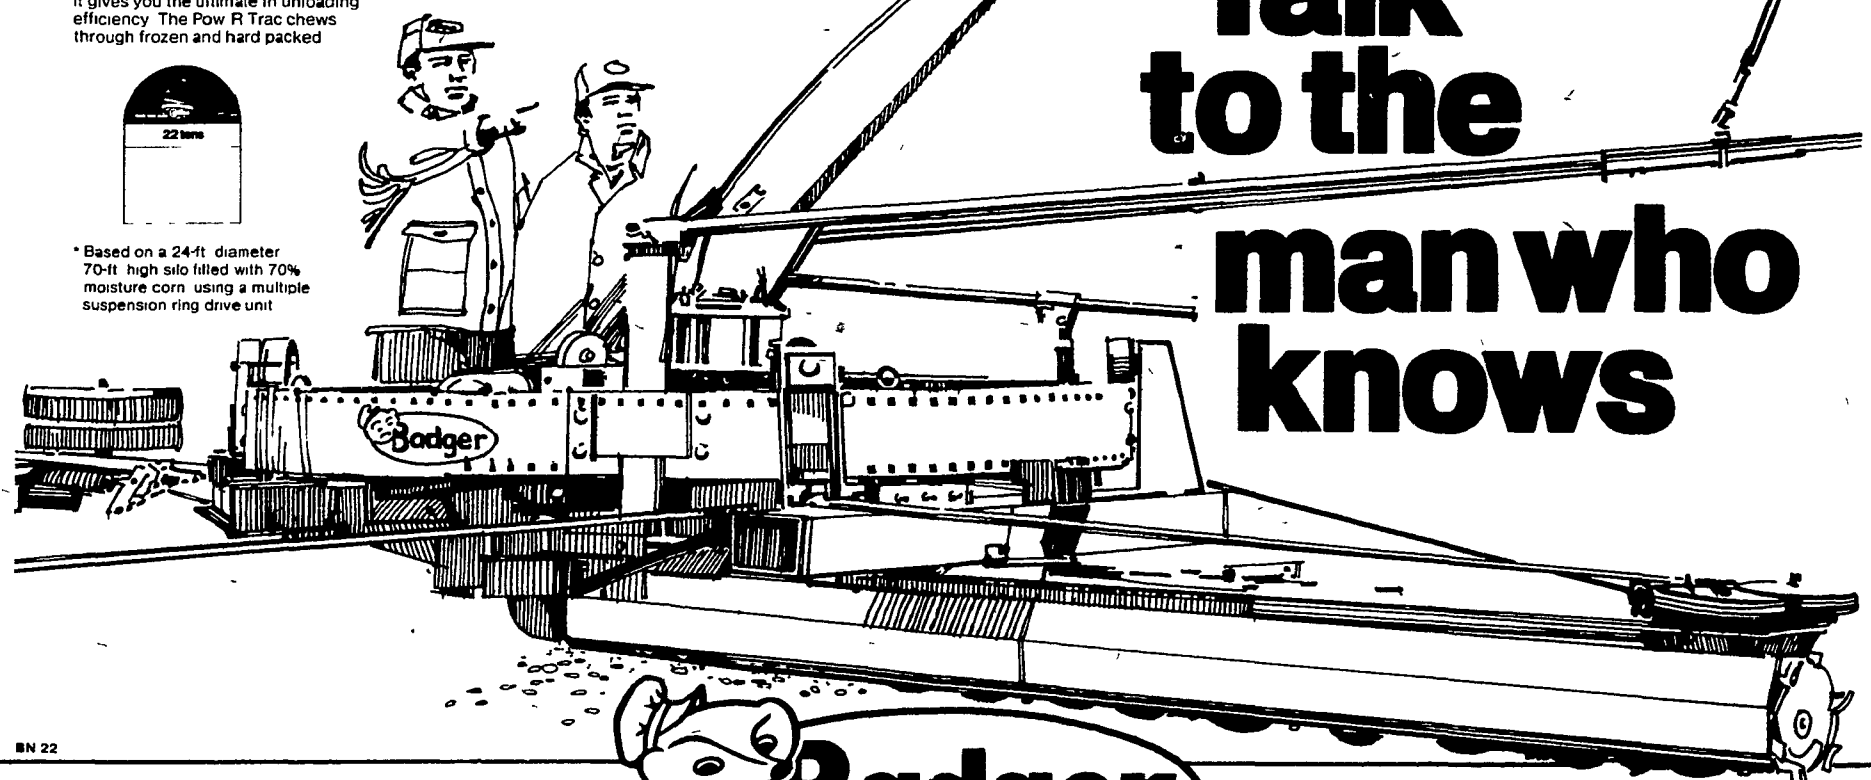

The Badger Pow-R-Trac won't let you down. Even in the toughest conditions it gives you the ultimate in unloading efficiency. The Pow-R-Trac chews through frozen and hard packed

silage right down to the bottom of the tallest silos. That's because of its unique suspension, heavy auger and frame design. And speaking of tall silos, the Pow-R-Trac's suspension allows you to fill your silo to the top four feet higher. That extra storage capacity can allow you to feed two extra animals a year. It's easy to see why so many farmers specify the Pow-R-Trac when they buy a new silo!

Get yourself a Pow-R-Trac Unloader soon!

*Based on a 24-ft diameter 70-ft high silo filled with 70% moisture corn using a multiple suspension ring drive unit.
