reds pay tribute to Lime Rock herd

BY DONNA TOMMELLEO MYERSTOWN — They drove through the heavy morning fog in ear, truck and buggy. More than 500 people spilled into Lime Rock Farm in hopes of returning home with some of the finest foundation Holstein blood in the East, if not the nation.

But some came, not so much to buy as to pay tribute to a man, his family and a breeding philosophy.

The man — Hubert S. Millerwas considered by many a legend in his own time. Miller, an original exhibitor at the 1906 Farm Show, became an institution in show rings, thereafter. His death in 1979

saddened Holstein society.

"Seldom has a farmer-breeder of Registered Holsteins become a household name across the nation. Hubie Miller was that rare execption," said long-time friend Bob McKown, who kicked off the Lime Rock Dispersal with his

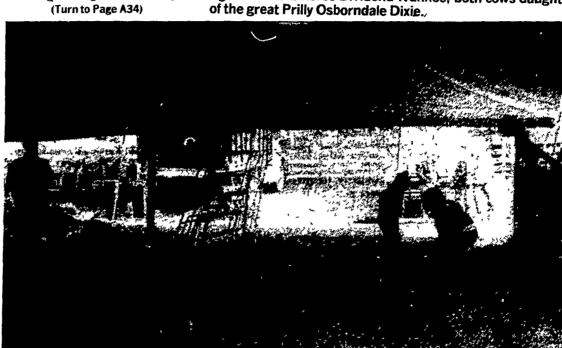

"He achieved fame not only because he was a colorful personality and showman but also because he was a dedicated breeder of Holsteins who did his homework," McKown added.

Miller's "homework," included combining the great Dunloggin and Rag Apple bloodlines.

'The present Lime Rock herd has the solid foundation of Hubie's breeding of generation upon

Roy Miller, far right, is joined by sons Roger, left and Calvin center, as the three display the brood cows that will remain with the Millers. At left is Lime Rock Performer Dixie and at right is Arnold Acres Dividend Ivanhoe, both cows daughters of the great Prilly Osborndale Dixie.

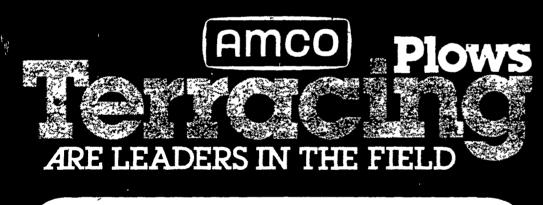

The fourth generation of Millers, John, Roy and Troy pitch in to clean up the remains of the

historic sale.

AMCO Products has developed a unique new implement to streamline

the age-old task of terracing land to control soil erosion
Designed for use with 165 to 220 PTO horsepower tractors, the AMCO Terracing Plow builds and packs the terrace with multiple trips through the field

AMCO's Terracing Plow saves you time and money in the construction of terraces, as compared to the same terraces built with bulldozers, scrapers, and other large earthmoving equipment. Working within Soil Conservation Service specifications, the AMCO Terracing Plow can build 1,000 feet of
