# AGWAY

 answers your needs 

# Announcing the end of costly hit-or-miss spraying.

Century helps assure  
accurate spraying  
with all these  
available  
advantages:

1. Nozzle monitor watches nozzles when you can't—alerts you instantly with buzzer and blinking light if nozzle is plugged or losing pressure.
2. No-drip nylon nozzles prevent under or over application—keep herbicide from dribbling onto ground, burning crops. Won't rust or corrode. Wear four times longer than aluminum or brass.
3. Large ½-inch E.P.D.M. jumper hose increases flow to outer nozzles—provides even pressure and proper output.
4. Heavy-duty 1½-inch square tubing on all booms gives greater, longer-lasting strength than round-tube booms.
5. Two-speed fast pressure control lets you increase or decrease pressure quickly, easily as you spray.

This spring, get accurate weed control with these features and more. See your Century dealer. Or write for free catalog.

Century has the sprayer for every spraying job.
