YOUR MILK QUALITY GUARDIAN...

Mueller HiPerForm[®] is the completely automatic milk cooling system for progressive dairymen. Durable HiPer-Form Model "OH" and "MHL" Milk Coolers feature large-radius corners and smooth stainless steel welds for easy cleaning. Cooler capacities range from 300 to 6000 gallons. With the flip of a switch, Mueller-Matic[®] Automatic Washing System cleans the cooler interior with jet-spray wash and acidified rinse.

Ask us for details on HiPerForm milk coolers.

SALES & SERVICE

AT LAST... A PROTECTIVE COATING THAT'S INDESTRUCTIBLE!

Why be tied to a paint can every two or three years, when you can coat a surface once and forget it for years?

We are pleased to announce that we are the Authorized Dealer for POXY COAT products in this area. This indestructible coating gives lasting waterproof protection and solves maintenance problems beautifully.

Unlike ordinary paints or other epoxy coatings, POXY COAT needs no baking, mixing or measuring of the two-part components. Now you can enhance and protect floors, walls, equipment and any wood, metal or masonry surface.

Space-age, new POXY COAT covers surfaces with a gloss in six glowing colors plus black, white and clear. The gloss stays hard, free of scuffs and scratches even in high traffic areas. The acid-resistant properties of POXY COAT can withstand just about anything in today's corrosive atmosphere. All exterior and interior surfaces can be beautified and protected for a minimum of ten years when used in accordance with instructions. That is **GUARANTEED IN WRITING!**

POXY COAT is manufactured to rigidly controlled specifications, designed to produce a long life and trouble-free finish for roofs in industry, farm and home structures. This unique coating forms a film of high water-resistance, abrasion-resistance, exceptional durability and gives an insulation factor of between 15%-20% on surfaces. POXY COAT's finish enables it to withstand climatic variations, continued batterings of strong winds and the rigors of sun and rain.

WHAT DOES IT COST? It's cheaper than paint. One coat is all that's needed, yet it lasts three times longer and covers up to three times more surface than paint.

It's hard to believe, but we are so convinced of the excellent results you will obtain with POXY COAT that for those who like to "try before they buy," we have arranged to supply you with a **FREE SAMPLE**.

Contact us now. Our samples are limited. **DON'T BE TIED TO A PAINT CAN — COAT ONCE AND FORGET IT FOR YEARS!**

A CEILING FAN FOR ALL SEASONS

INTRODUCTORY
OFFER

\$99⁹⁵

FOR A 56"
CEILING FAN

2 year unlimited warranty
(Offer Good Now Through April)

SPECIFICATIONS:

Ceiling fan model - CF56, Description - 56" vertical downward thrust fan. No. of speeds - 5 speed or variable, CFM air delivery - 19,200, Max. RPM - 285, Floor area affected - 1800 sq ft. Max. air velocity - 750 ft/min, Volts - 110, Watts - 95, Gross weight - 24 lbs

CEILING FANS are industrial quality all metal units of sturdy construction, attractively designed and finished in baked white enamel. The combination of the aerodynamic blade design — quality sealed for life bearings — and the reliability of the capacitor start motor with overload protection, provide one of the most cost-efficient means of air circulation possible. These fans are completely maintenance free.
