## Shorten refill stops by equipping your 7000 Max-Emerge™ Planter with Quick-Fill™ attachments for liquid or dry fertilizer

Getting good stands is important. That's why Max-Emerge Planters feature up-close gauge wheels, Tru-Vee™ openers, and angled firming wheels, to help you get better germination and emergence.

But completing planting on time can be important too, especially if you're carrying dry or liquid fertilizer. A Quick-Fill attachment for dry fertilizer makes refilling easier and less time-consuming, especially important when you're striving for maximum yields. Quick-Fill is standard equipment with the liquid fertilizer attachment. Come in and visit about Quick-Fill attachments and all of the other attachments in the Max-Emerge Planter line that can help you do a better, quicker job of planting.

Inflation fighters from John Deere . . .

## Tillers in a variety of sizes

With rising cost of food, what better way to fight inflation than to grow your own vegetables. John Deere can provide the equipment to make it easier.

Two models of John Deere Walk-Behind Tillers are available. The 2-hp compact tills a swath 16 inches wide and up to 7½ inches deep. The heavy-duty 6-hp model has a 13- to 24-inch tilling width and a tilling depth of 7 inches. The compact tiller has a lock handle with full-width control bar that lets you operate the machine from behind or from either side. A unique rear-wheel/depth bar assembly swings down for transport, up for tilling. The heavy-duty model has a reverse gear and a pressure activated clutch for added safety.

John Deere Lawn and Garden Tractors pack the muscle you need for even tougher gardening chores. Choose a model, 10 to 19.9 horsepower, then add a capacity-matched tiller that tills 22 to 48 inches wide.

Stop in soon. And let us help you fight inflation with John Deere gardening equipment.
