**International® Early Riser Planters**

*Seed environment control for earlier rising crops*  
**Regular planting or no-till**

Ag research shows that the critical first step in bigger crop yields is timeliness in planting. Now this advantage is yours with International 800 Series Early Riser planters. Both Cyclo® Air and plate-type planters feature revolutionary Early Riser row units. This exclusive IH design provides the best possible seed environment by cutting the narrowest seed furrow of any planter, positive depth control, moist soil cover, and gentle firming to eliminate air pockets. The result is faster planting and germination plus more uniform emergence.

**Get the Red Edge at your IH Dealer today.** Let him show you how the new Early Riser Planter can give you better seed to soil contact for early rising crops.

**INTERNATIONAL 720 SEMI-MOUNTED MOLDBOARD PLOWS**

- Available in 4 to 8-furrow sizes with 16 or 18-in. spacing, plus extra big 20-inch model in 5/6-furrow size.
- Beams individually trip or ride over obstructions, then automatically return to plowing position. No stopping to reset.
- High 33-in. vertical clearance handles heavy trash without plugging.

**IN STOCK NOW**

- 720 4 Furrow, 18 in.
- 720 5 Furrow, 18 in.
- 735 5 Furrow, variable width

**Rocks or Heavy Trash Won't Stop This One!**

**GOOD USED PLOWS & PLANTERS**
