

Limousin Assn. plans spring show and sale

LYNCHBURG, Ohio — The Eastern Limousin Breeders Association will hold their annual show and sale Saturday, May 1 at the Ohio State Fairground, Columbus, Ohio. This event will be held in Cooper Arena with the show to start at 10 a.m. and the sale to start at 7 p.m.

Approximately 50 to 60 head will be selected to sell. There will be purebred, full bloods and percentage bulls, cows, bred heifers and open heifers.

An informal meeting will be held at 2 p.m. in Cooper Arena. This meeting will focus on the past development of Limousine cattle in

North America and the future they hold. Discussion also will be held on the current and future cattle trends and how Limousin are meeting that challenge.

The annual meeting of the Eastern Limousin Breeders Association will be held Friday evening April 30 at the Imperial

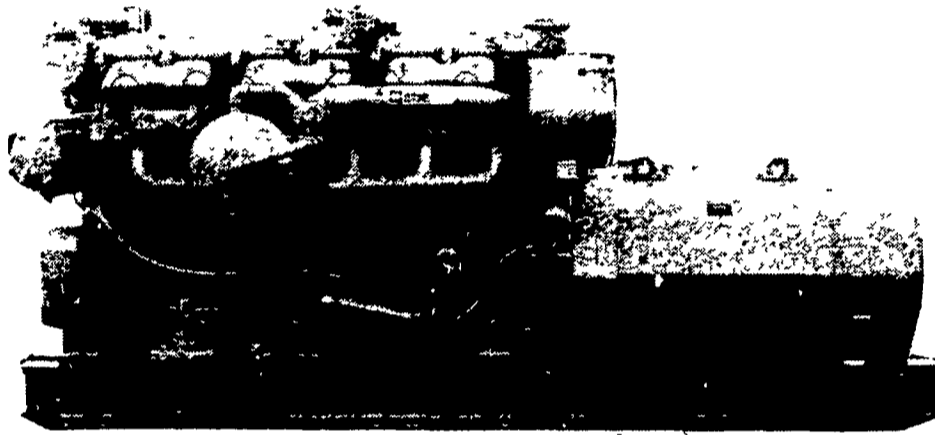

House Motel (sale headquarters). The meeting will get underway with dinner at 7 p.m. with the meeting to follow. The meeting will be for the purpose of electing three new directors and open business for the membership. Other items on the agenda are: The discussion of the Association sponsored shows - Ohio State Fair, Eastern National, and Highland Co., OH Fair. Summer field day and fall sale will

be planned. There will be discussion on fund raising and promotional projects. A new show under discussion will be the Virginia State Fair.

Those wishing additional sale information or wish to attend the annual dinner meeting should contact Jim Fawley, secretary-treasurer, 3540 Anderson Road, Lynchburg, OH 45142. 513/364-2077.

CONVERT WASTE INTO CASH

Waste products on your farm have the potential energy to produce electricity. This power can be used to operate your farm and you can sell your surplus to the Power Company!

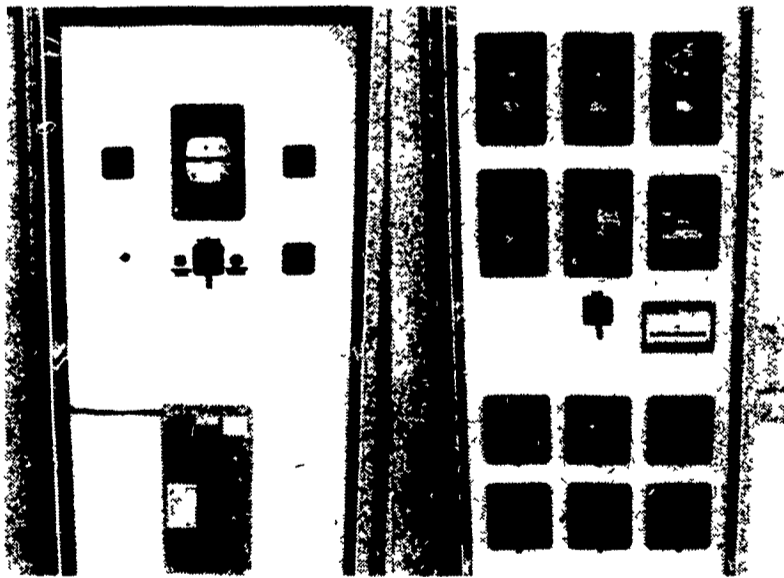

375 KVA Waste Gas Generator Set

This generator set will run on gas derived from:

- Poultry Manure
- Cow Manure
- Pig Manure
- Wood Chips
- Saw Dust
- Garbage
- City Sewage
- Natural Gas Wells

Lancaster Farming, Saturday, April 17, 1982—05

Introducing Bronco.

The first double action herbicide specifically designed for no-till corn and soybeans.

With a single application of Bronco™ herbicide you get double-action control. Bronco knocks out tough emerged weeds above and below ground including the roots. And it also has residual activity to effectively stop

new seedling growth of many annual grasses and certain broadleaves. Post emergent control. Pre-emergent control. Bronco delivers both in one application — to set a new standard in no-till weed control.

Bronco. The new standard in no-till weed control.
