Pennsylvania Dairy Herd Improvement Association

CUMBERLAND COUNTY DHIA Monthly Report

March, 1982

Cumberland County Dairy Herd Improvement records show that 8,548 3 cows in 138 herds were on production testing in March according to Duane G. Duncan, County Agent. Of the 117 herds on DHIA, 29 herds had an average fat production of 600 pounds. During the month 74 completed their 305 day lactation with 650 lbs. of butterfat. DHIA Supervisors working with the dairymen to improve efficiency include Harold Boldosser, 130 Old Gap Road, Carlisle, Paul Wynn, R1, Box 88, Newburg, Jay Zeigler, R1, Carlisle, and John Rolat, R2, Newville.

Clean alleys automatically

... with Acorn's
Mark II™ or Mark IV™
Alley Scrapers
(Cable or Chain)

Acorn alley scrapers don't waste your time or disturb your cows as compared to blading with a tractor. They're clock controlled. Acorn's alley scrapers push manure into an end gutter or pit, then tip up to pass over fresh manure on the return.

Quiet-running Mark II™ and Mark IV™ won't trip animals. Clean 5 feet per minute with very low horsepower requirements. Great for underslat pits too.
