**SUCCESS BREEDS SUCCESS. AND 65 YEARS OF SUCCESS BUILT THIS NEW MADISON SILO.**

Today, one out of every four silos in America is a Madison! That's because a lot of our new structures are erected on farms that already have at least one Madison. These customers know that a Madison is built to last. They also know that if there is a new idea that's better, chances are Madison will have it first.

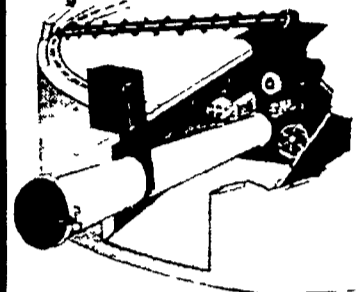

New Madison customers quickly learn that Madison dealers do more than talk about service. For 65 years, our service people have been building a reputation for good service that can't be beat.

When you're ready to add upright storage on your farm, we invite you to compare. Look at all of the structures available. All we ask is that you include us in your comparisons. We'll take it from there.
