## 749 FEWER PARTS

A 100-FOOT LENGTH OF BERG GUTTER CHAIN HAS 749 FEWER PARTS THAN MOST OTHER BARN CLEANERS

Berg Gutter Chain is a series of one piece links hooked end to end which makes it easy to remove links and eliminates the need for all those pins rivets and bolts. The heavy concentration of metal in the hooks and at the pull points gives the Berg Chain Link more pull strength than ordinary links. The links are 7 1/2 inches long 2 1/4 inches wide and 1/2 inch thick and weigh over two pounds. Each link is forged from special alloy forging steel in a single piece. No worry about corrosion.
