

# PURINA MILK REPLACERS

a fast, healthy start and efficient gains

## Nurse Chow 100®

The all-milk base in this milk replacer provides easily digested proteins for the new calf from 3 days through 4 weeks of age. It mixes easily with water, stays in suspension and special additives help guard against scours.

### Benefits

- **Meets Buyer's Preference...**  
...Provides a quality product for dairymen who prefer all milk.
- **Economical...**  
...A 25 pound bag replaces 225 pounds of whole milk for proper growth at a moderate cost.
- **Plus - Those Benefits Under Nurse Chow 200**

### Specifications:

#### Special Formulation

- Combination Protein
- 22% Protein
- 12% Fat
- Rebalanced Mineral and Vitamin Levels

#### Dual Medication

(100 gms. Oxytetracycline and 300 gms. of Neomycin Sulfate)

### Directions:

#### How to Feed —

1. Mix Nurse Chow with warm water according to directions on bag.
2. For calves over 80 pounds at birth: Feed 2 quarts of Nurse Chow solution twice daily for the first 3 weeks; feed 2 quarts once a day during the fourth week.
3. For calves under 80 pounds at birth: Feed 1½ quarts twice daily during the first 4 weeks; then 1½ quarts once a day during the fifth week.

## Nurse Chow 200®

An economical milk replacer that provides calves with a combination of highly digestible nutrients. It provides the best value in milk replacers and gets calves off to a fast start during the all-important first month of life.

### Benefits

- **Offers Best Value...**  
...Multiple protein sources produce an economical, high performance milk replacer.
- **Promotes Optimal Growth and Maximum Frame Development...**  
...Calves get the right balance of nutrients for proper growth and development.
- **Economical...**  
...A 25 lb. bag replaces 225 pounds of whole milk for proper growth at moderate cost.
- **Reduces Health Problems...**  
...Contains a high level of antibiotics to help reduce scouring for healthier calves.
- **Saves Time...**  
...Easy mixing means less time preparing replacer to feed.
- **Provides Confidence...**  
...Calves receive a uniform mixture assuring a consistent balanced nutrient intake.
