Don't be fooled by lower prices on "will-fit" parts. The management of other brand dealerships recognize the value put into genuine Sperry New Holland parts and service.

This is what made Sperry New Holland the leader and No. 1 in hay and forage equipment. When a problem arises or you need parts or service, call your authorized Sperry New Holland dealer.

Knight Manure Spreaders and "Auggie" Blender/Feeders

RUGGED • EFFICIENT • DEPENDABLE

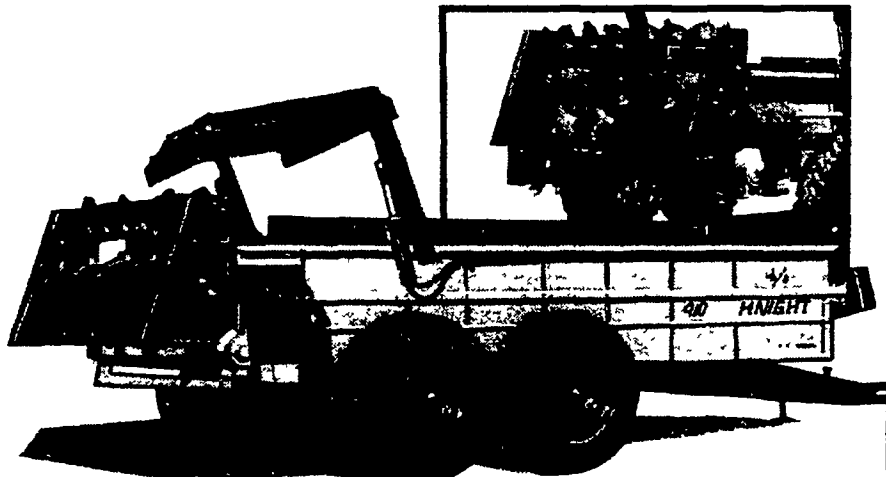

Designed, built and serviced by people with many years of hands-on farm experience, Knight Spreaders are made to solve your spreading problems...not aggravate them.

Features like our rugged worm gear drive for positive, trouble-free operation... copper bearing hot rolled steel box for corrosion resistance... auger beaters with alloy steel "ripper" teeth to handle the tough stuff and optional hydro-fluid end-gate for "clean" spreading of sloppy

manure...are just a few of the reasons why Knight Spreaders are the choice of successful dairymen and feeders. And for those operations requiring a self-propelled unit, large capacity Knight Spreaders can also be truck mounted.

Available in models with Bushel Capacities of 180, 250, 335, 400, 500 and 600.

Note special LOWER SPINNER BEATER for fine spreading! Rear beater projection shown.

This Model 410 Large Capacity Spreader is available in the Souper Solid Series

BLENDED RATIONS • SMOOTH OPERATION

The Knight AUGGIE delivers a thoroughly blended mix of feed and supplements quickly and smoothly to your entire herd... so that the perfectly balanced blended ration of ingredients is in every mouthful.

The AUGGIE's low rpm, 3-auger system mixes and blends an entire load in only three to five minutes and effortlessly delivers it to your herd through the

AUGGIE's 30-inch wide, automatically controlled discharge chute...with no spillage.

Available in a full range of capacities from 100-370 cu. ft. (tow-type, stationary or truck mounted), the rugged Knight AUGGIE is your best way to increased production and profitability...year after year.

Visit your local Knight dealer for complete details.

Mini Auggie shown (stationary only)
