GEHL

**The #1 Choice
of our
Nation's Farmers**

Why? They have a 21" Mill with 66" reversible hammers which gives you more cutting action, not as much pounding which makes dust. Due to this fact you can use one size coarser screen than any competitive brand, that should tell you something. Another big plus is the self contained total hydraulics in loading and unloading augers which means no sprockets to trouble you.
