## WHO'S THE WU? HONDA? YES

We realize that Ferarri, Ford & Frank Perdue did not become household words overnight. The WU comes to us with all the fine construction, mechanical practicality, and efficient maintenance record we've come to expect from the orient. It even comes with the time prove HONDA G300 engine. For 8 years its been proving itself on the other side of the Pacific; now it's time the U.S. gets in on the WU experience.

To find out more about this versatile workhorse capable of carrying up to 1 ton payload an-8 hour day-on 2 gallons of gas. Write or Call:
