SILOS & UNLOADERS

SILOS & UNLOADERS

LAIDIG 43R

NOW YOU CAN UNLOAD WITH THE BEST Shelled Or Ground Ear Corn

Storing high moisture grain can cause problems unless you have the right unloader. If you're bothered by high maintenance costs, poor feed delivery or a "free flow" system that fails, then you should consider the new Laidig 43R grain unloader.

It's designed for use in existing, oxygen-controlled storage units. And it can be installed in a single day WITHOUT ALTERATIONS TO YOUR STRUCTURE!

The Laidig 43R Power Sweep Auger replaces those Gravity Feed Sweep Augers. It's a heavy-duty machine engineered for day-in, day-out operation...the same high quality and peak performance that operators expect from a leader...from Laidig!

HIGH MOISTURE SHELLER CORN FOR SALE
717-867-2783

43R IS A COMPLETE CONVERSION PACKAGE FOR OXYGEN-CONTROLLED GRAIN STRUCTURES. For metal structures up to 20' in diameter

Replace Your Gravity Flow Unloader With A new LAIDIG NOW!
We will trade in your old unloader
