

WESTFALIA For Progress In Milking Technology

CODATRON— The Westfalia Feeding and Control System for All Dairy Herds

Available in several extendable designs

- Individual dispensing of concentrate feed in the slatted unit
- Choice of one or two types of feed
- Time-saving feeding
- Maximum ration limit at all intervals
- Savings in concentrate feed
- Higher milk yields
- Higher butterfat content in the milk
- Better physical condition of the cows
- Cow calendar

Control Panel For The L-version

Westfalia Introduces the "44" Herringbone Parlor Stalls

- Designed For:
- Better cow comfort
 - Improved cow flow
 - Greater operator convenience
 - Easy installation

Constructed of hot dipped galvanized tubing with stainless steel managers

WESTFALIA

Conventional Floor Milker Unit

Milker Unit Features:

- Large Volume Visible Milking Claw — With Shut-off
- 60 lb. S.S. Milker Bucket — "Easy Pour" Action
- Easy Clean S.S. Lid Assembly
- VACUPULS CONSTANT PULSATOR — Positive Pneumatic Pulsation — 60:40 Milk to Rest Ratio — Alternation Action — Vacuum Separate from Bucket

Westfalia Backflush System

Safe, Reliable, Fully Automatic Sanitizing aid for better herd health

Backflush Valve

"With Westfalia ACR it's like having an extra hired hand" Save up to 50% in manhours.

All you do is prepare the udder, switch on the ACR, attach the cluster and that's it.

WEIGH JAR ASSEMBLY

- Features:
- Single Valve Operation - Eliminates need to line up air bleed holes
 - Visible check of milk production by: Volume Milk Quality

Westfalia VACUREX 5000

The "Big System" Precision Vacuum Regulator For All Milking Systems.

Easy To Install, Adjust & Maintain

Also Available: VACUREX 2400 The precision vacuum regulator for standard milking systems.

Westfalia VISOTRON with Vacuum Arrestor

The VISOTRON Automatic Milker Control is foolproof. It is a controlled milking method that provides the individual attention that each cow requires. It can be operated manually or automatically, depending on your circumstance.

Westfalia's New "Time Saver" CROWD GATE

- Safe, effective, economical.
- Easy to install and operate

Westfalia RPS 2800 The high capacity pump for today's big herds.

Westfalia introduces a superior cluster for precision milkout.

The Westfalia cluster is designed for clean, fast GENTLE milking with minimum machine strip.
