

S Shenandoah FEEDERS

STAINLESS STEEL DINNERWARE FOR HOGS!

These new Shenandoah Stainless Steel Hog Feeders are designed for use in confinement. Although galvanized hog feeders won't last in confinement, due to corrosion and moisture as well as rough treatment from the hogs, Shenandoah Stainless Steel Feeders will stand up to the test. They are built to last and to resist corrosion. And they are easier to clean and disinfect.

Jamesway

...the better way

New Easy-Rest™ stall lives up to its name . . . longer

Featuring a unique one-piece continuous bend panel design, the Easy-Rest comfort stall combines extra strength and durability with extra cow comfort. Quadruple-curve partition design places the base out of the moisture zone. And the stall is hot-dip galvanized, inside and out, for longer working life. There's no better way than Jamesway... see us for systems and service.

hot-dip galvanized BARN EQUIPMENT

Improve production and save energy dollars with Agri-fan.

Built for Agri-business, new, exclusive Agri-fan promises

increased production, a healthier, more comfortable environment year 'round, and fast pay-back.

By continually circulating 24,000 cu. ft. of air per minute, Agri-fan equalizes room temperature and humidity. Floors stay drier. Winter fuel costs are reduced up to 30%, and in summer, uncomfortable stagnant air is prevented. Agri-fan is economical to operate - max. 1 amp. draw - and pays for itself in 1 to 2 years. Agri-fan carries a five-year warranty and features: UL and CSA listing - heavy-duty construction - totally enclosed motor - aerodynamically designed blades - solid state infinite speed controls - no maintenance - easy installation.
