

HESSTON

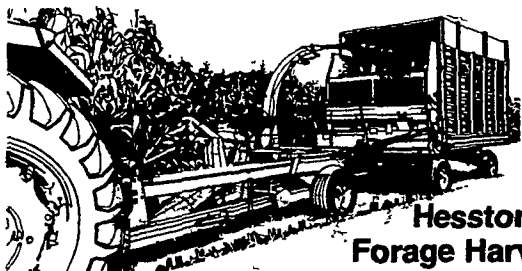

The PRIME LINE

**We Dare You To Compare
(In Head-To-Head Matchups)
Hesston To Any Other Make!**

**Once You've Tried HESSTON, You Won't Understand
Why You Ever Ran Anyone Else's Machine!**

**Self-propelled capacity,
pull-type price!**

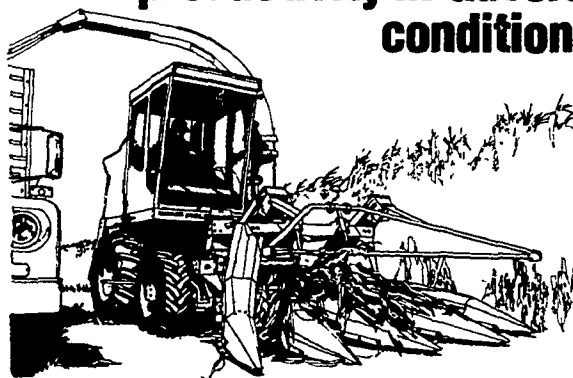

**Hesston 7160
Forage Harvester**

This is the biggest pull-type harvester Hesston offers. It's delivered with many standard features you'd pay extra for on other pull-types.

- Designed to work behind tractors with up to 225 hp.
- Eight different headers available!
- **Exclusive Flo-Vanes are standard!** They have increased capacity by up to 20% in actual field tests.*
- Hydraulic rebevel grinder standard.
- **Quick-adjust shearbar** standard.
- Electric remote controls standard.
- Recutter shearbar doubles cuts of 6-knife cylinder to 12,000 per minute.

*Test run in corn (without screens) at 7/16" cut length

**More capacity, more
productivity in adverse
conditions!**

Hesston/Field Queen SP Forage Harvesters all feature power-efficient 6-knife cutting cylinders. Six-knife design gives more room between knives, so more crop gets in, giving you more capacity.

Flo-Vanes are another exclusive feature...they increase capacity by reducing crop bunching inside the cylinder. Optional front-wheel power assist gives you more steering control and maneuverability in wet, muddy or hilly conditions.
