**MADISON SILOS**

Your best silo buy!

**The secret is the Vibra-Cor® Stave.**

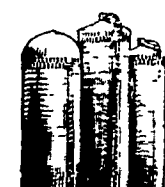

Unique truss-beam design of the exclusive Madison Vibra-Cor Stave makes it the strongest in the industry

Add to that Madison's new wide door and Kleen Chute to match Madison's rattle-free wind resistant roof. Madison's full-measure hooping. Madison's attractive light gray stave color plus extra care in construction by Madison's own factory branch crews and you have the highest quality silo it's possible to build

Is it any wonder that one out of every four silos sold in America is a Madison?

MADISON "System of Choice"

gives you the logical structure for every feed you grow. Madison Silos for corn silage. Madison Nutri-Matic and Grain-O-Matic for medium moisture haylage and high moisture grain. Saves you money because there's no need to over-structure

Making things better for you.

**LAIDIG 43R**

**NOW YOU CAN UNLOAD WITH THE BEST**

Shelled Or Ground Ear Corn

Storing high moisture grain can cause problems unless you have the right unloader. If you're bothered by high maintenance costs, poor feed delivery or a "free flow" system that fails, then you should consider the new Laidig 43R grain unloader.

It's designed for use in existing, oxygen-controlled storage units. And it can be installed in a single day WITHOUT ALTERATIONS TO YOUR STRUCTURE!

The Laidig 43R Power Sweep Auger replaces those Gravity Feed Sweep Augers. It's a heavy-duty machine engineered for day-in, day-out operation...the same high quality and peak performance that operators expect from a leader...from Laidig!

43R IS A COMPLETE CONVERSION PACKAGE FOR OXYGEN-CONTROLLED GRAIN STRUCTURES. For metal structures up to 20' in diameter

**Replace Your Gravity Flow Unloader With A new LAIDIG NOW!**  
We will trade in your old unloader
