

# Gold Performance titles go to P. Herefords

KANSAS CITY, Mo. — Three Polled Hereford bulls and two cows have achieved the Gold Performance Award, according to Jim Gibb, director of education and research of the American Polled Hereford Association.

The new Gold Performance Sires are EPH Vic Domino J11, owned by Elwing Polled Herefords, Pierce City, Mo., Hickory Hill Farm, Blacksburg, Va., and Knoll Crest Farm, Red House, Va.; Enforcer 107H, owned by Falklands Farm, Schellsburg, Pa., Wests Polled Herefords, Spanish

Fork, Utah, Pudding River Polled Hereford Ranch, Salem, Ore., and Cen-Cal Polled Herefords, Pleasant Grove, Calif., and MSU Special Edition, owned by Michigan State University, East Lansing, Storm Haven Farm, New Milford, Conn., Antonio Mountain

Ranch, Petaluma, Calif., and My Way Farm Inc., Canfield, Ohio. Newly qualified, Gold Performance Dams are BBL Victra 1103 570, owned by Ohnemus Hereford Farms, Milo, Iowa; and KCF Lady Victor 892, owned by Knoll Crest Farm.

The Gold Performance Award is part of the APHA's Superior Sire Program and recognizes outstanding performance at qualified bull test stations across the nation. To achieve Gold Performance status, a bull's sons must accumulate 100 points at qualified central bull test stations. Cows are eligible for the Gold Performance Dam Award when their sons gain 35 points in the same manner. Points are earned on the basis of the average progeny superiority for yearling weight and average daily gain.
