Gone with the wind.

We could lose our national symbol... the majestic bald eagle. Once man drives eagles out of their nesting areas, they rarely return. Today there are only about 1,400 pairs of eagles known to be nesting in the lower 48 states.

We can save the eagle by establishing eagle preserves. You can help. Join the National Wildlife Federation, Department 102, 1412 16th Street, NW, Washington, DC 20036. Let's keep the eagle around another hundred years.
