

WELDING EQUIPMENT and BATTERY CHARGERS

Now Available At

FARMERSVILLE EQUIPMENT, INC.

The Dealer That Gives You Service After The Sale

CENTURY'S NEW PORTABLE - MIG

No longer do you need to waste valuable time and effort to make repairs in the field.
No need anymore to invest in an engine-driven welder to keep your equipment running
No more heavy and expensive compressed gas tanks to carry around.

PORTABLE - MIG INCLUDES:

- 10 ft. Welding gun
- 13 ft. Cables to connect to batteries
- Battery clamps w/adaptors
- 10 Lb. .045 Flux corded wire
- Welding helmet
- Spare welding nozzles & contact tips

OPTIONAL ACCESSORIES:

Gas Conversion Kit & Battery Isolater/Jump Start Package

FIVE WELDERS IN ONE

295 AMP-AC/250 AMP-DC

1. Smooth - AC Welding
2. Force - AC Welding
3. Straight Polarity - DC Welding
4. Cutting Tap - DC Welding
5. Reverse Polarity - DC Welding

What's the difference between AC and DC Welding?

AC CURRENT
AC continuously changes polarity, since direction of flow is reversed 120 times per second for common 60 cycle electricity.

- AC Current Ideal for:**
- Downhand Heavy Plate
 - Fast Fill
 - Aluminum TIG Welding with Hi Freq
 - Carbon Arc Torch

This welder has two types of AC Current:

- 1 Smooth Arc - for general purpose work
- 2 Force Arc - for carbon arc, TIG attachments and new fabrication

DC STRAIGHT POLARITY
With DC straight polarity (DCSP), the electrode is negative and the current flows in the opposite direction electrode to work

- DC Straight Polarity Ideal for:**
- Hard Facing
 - Single Carbon Brazing
 - Build-up Heavy Deposits
 - Stainless Steel TIG Welding
 - Cutting Tap Cuts like 400 Amps

DC REVERSE POLARITY
With DC reverse polarity (DCRP), the electrode is positive and the current flows from the work to the electrode

- DC Reverse Polarity Ideal for:**
- Overhead Welding
 - Vertical Welding
 - Cast Iron Welding
 - Heavy Aluminum
 - Rivet Welding
 - Sheet Metal
 - Low Hydrogen Welding
 - Arc Bronze Rod

Model 110-078-000
(Pictured with High Frequency Arc Stabilizer Attachment)
INCLUDES Instruction book, wall receptacle, wide vision helmet, electrode cable with holder, ground cable w/clamp
