OUR READERS WRITE, AND OTHER OPINIONS

(Continued from Page A10)

Congress is willing to do whatever is necessary to change things.

The Congressional delegation asked for the establishment of a "work program" under GATT aimed at reducing these subsidies within a specific time frame. However, the EEC delegation stubbornly refused even to discuss the question of subsidies or to agree to later discussions aimed attheir reduction.

Clearly, the prospect of reaching a fair, rational agreement has gone by the board. Let me state at the outset, though, that we must in no way engage in the kind of protectionism that constitutes restraint of trade. Nobody in Congress rejects protectionism more than I do.

What Congress must do is take firm steps to bring an end to the current situation. I have suggested four steps we could take to tighten the screws on the EEC.

First, the Reagan Administration should fully use the remaining \$90 million earmarked for agricultural export enhancement in fiscal 1983 and made available by an amendment to the

1982 Budget Reconciliation Act. The money can provide direct and credit subsidies to offset predatory practices.

Second, Congress should encourage Agriculture Secretary John Block to consider releasing surplus dairy products into international markets. This would clearly signal our resolve and relieve the taxpayer of the cost of carrying these stocks.

Third, Congress should mandate that the proceeds from the sale and money from other sources be used for additional measures to export farm products.

Fourth, Congress should consider revoking the most-favorednation trading status of countries engaging in predatory practices, or making them ineligible for International Monetary Fund

I know other senators have other ideas for increasing our exports. I have instructed the staff of the Agriculture Committee, of which I am chairman, to assemble a comprehensive package of ideas which could be introduced in the 96th Congress. We must be prepared to draw the line here and

Farm Calendar

Saturday, Jan. 29

York County 4-H Beef Banquet, 7 p.m., Seven Valleys Fire Hall. New Jersey Dairy Goat binge.

Monday, Jan. 31 Chester County Extension annual meeting, 7:30 p.m., Extension Meeting Room, Dague Ag and Natural Resources Center, West Chester.
