## ATTENTION FARMERS... FREE ESTIMATES ON RODENT CONTROL

RODENTS carry diseases which can endanger the health of your dairy herds. Your business is raising them. Ours is protecting them.

**Ehrlich**  
Since 1928  
Pest control is too important to trust to anyone else

## Fiberdome INC ...made to last

**Fiberdome Storage Bin**

**Fiberdome Forage Funnel**

**Fiberdome Feed Cart**

**Fiberdome Calfhutch**

**MADE TO LAST WITH FIBERGLASS — from FIBERDOME**

Fiberglass is practically dent-proof. Stands up to long periods of hard use. Contents stay fresh because fiberglass absorbs little or no heat. Because there is very little condensation on the inside, moisture cannot alter the contents of material being stored. Fiberglass is rust resistant. Acids and salts can't hurt it.

Economical to Use • Simple to Install • Easy to Operate • Eliminates Dirty Chutes • Directs Flow of Feed • Saves Wear on Silo Chutes • Adapts to Any Make Silo

The only all-fiberglass feed cart • Buff exterior white gel-coat interior • 14 bushel capacity (4.93 Hectoliter) • Immune to silage acids does not rust • Easy to load/unload and sanitize

Insulation value provides warmth in winter while remaining cool in summer. Hutch may be nested for compact storage. Hutch is easily moved by use of firmly imbedded I-bolts. Studies show respiratory problems, disease and calf mortality are reduced when hutches are properly used.

With the MIRAFOUNT Waterer from Fiberdome you'll have the finest operating, lowest cost energy and money saving livestock waterer on the market today. The thermal engineering and special design of the seal corks enables MIRAFOUNT to work in all kinds of weather.
